# **GREY WARNS**

Must Not Encroach on Concessions to the Britishers

ACTION TAKEN TO AVOID CLASH

Respect Others' Rights

London, April 23.-Foreign Secretary Grey told anxious members of the House of Commons yesterday afternoon that the Japan government had been specifically informed of the concessions granted British subjects in China. He explained that this action was taken so that in the Chinese-Japanese negotiations the existing British railroad concessions could not be injured by new concessions granted to Japan. The foreign secretary added that he had no doubt Japan would respect any rights already acquired.

#### KITCHENER PLEASED WITH RECRUITING

Constant Stream of Men Maintained-Can Get More When Necessary.

London, April 23,-"The recruiting results of the last few months have been most satisfactory and gratifying," was the statement delivered in the House of Commons yesterday afternoon from War Secretary Kitchener by Harold J. Tennant, parliamentary secretary of the war office. "Month by month the stream of new men has been maintained with amazing regularity. Mr. Tennant said, "and when the time comes to call for still more I am confident that the nation will respond with the same readiness, decision and promptness as it has

responded in the past." Mr. Tennant made these remarks while speaking on the army estimate. He referred in glowing terms to the supply services of the army and the health of the troops at the front, mentioning incidentally that there was not one single case of dysentery among the men. Large additions had been made to the aerial service since the beginning of the war, Mr. Tennant continued. He believed the danger threatening from spotted fever has been overcome and he laid particular stress on the importance Lord Kitch-ener attached to a limitless supply of artillery ammunition artillery ammunition.

### SAYS ACID STOMACH CAUSES INDIGESTION

Excess of Hydrochloric Acid Sours the

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by hyper-acidity, meaning there is on excess of hydro-chloric acid in the stomach which pre-vents complete digestion and starts food fermentation. Thus everything eaten sours in the stomach much like garbage sours in a can, forming acrid fluids and gasses which inflate the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we cructate sour food or have heartburn, flatulence, water-brash or

nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a process of the second sec tablespoonful in a glass of water before breakfast and drink while it is effervescing and furthermore, to continue this son at the luncheon of the Associated dose it is important to neutralize the Press in New York April 20, the Vos-sische Zeitung of Berlin speaks as fol-start the liver, stimulate the kidneys
